

7th march 20114

Ref: Polygon Turning Machine

Dear Mr Shiva,

Firstly I would like to thank you for your professionalism, excellent service and support that you have shown our company throughout the initial stages of enquiry to the full commissioning and training of our staff.

The whole experience has been first class and it was a pleasure to meet you, I must also pass on the regards of our staff that you trained, who have stated you were very thorough and attentive throughout the 3 days at our site, they really enjoyed working alongside you.

I would not hesitate to recommend you and your company to anyone wishing to purchase a machine from yourself.

Again many thanks, I look forward to continuing our business relationship in the months and years to come.

Best Regards

Colin Farrell
